

Select KiwiSaver Scheme

Growth Fund

Fund update for the quarter ended 31 December 2022

This fund update was first made publicly available on 10 February 2023.

What is the purpose of this update?

This document tells you how the Growth Fund has performed and what fees were charged. The document will help you to compare the fund with other funds. Smartshares Limited prepared this update in accordance with the Financial Markets Conduct Act 2013. This information is not audited and may be updated.

Description of this fund

Aims to provide a high level of capital growth over the medium to long term (at least 7 years). The fund invests mostly in growth assets, with a modest allocation to income assets.

Total value of the fund:	\$6,053,534
Number of investors in the fund:	125
The date the fund started:	24 November 2020

What are the risks of investing?

Risk indicator for the Growth Fund¹

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at sorted.org.nz/tools/investor-kickstarter.

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for 5 years to 31 December 2022. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

See the Product Disclosure Statement for the Select KiwiSaver Scheme for more information about the risks associated with investing in this fund.

How has the fund performed?

	Past year
Annual return (after deductions for charges and tax)	-11.74%
Annual return (after deductions for charges but before tax)	-11.23%
Market index annual return (reflects no deduction for charges and tax)	-11.00%

The market index return is a composite of benchmark index returns, weighted for the fund's target investment mix (also known as target asset allocation). The specific benchmark indices used for each asset class are defined in the Statement of Investment Policy and Objectives (SIPO). The SIPO and further additional information about the market index is available on the offer register at disclose-register.companiesoffice.govt.nz.

Annual return graph

This shows the return after fund charges and tax for each year ending 31 March since the fund started. The last bar shows the average annual return since the fund started, up to 31 December 2022.

Important: This does not tell you how the fund will perform in the future.

Returns in this update are after tax at the highest prescribed investor rate (PIR) of tax for an individual New Zealand resident. Your tax may be lower.

What fees are investors charged?

Investors in the Growth Fund are charged fund charges. In the year to 31 March 2022 these were:

	% per annum of fund's net asset value
Total fund charges	1.29%
Which are made up of:	
Total management and administration charges	1.29%
Including:	
Manager's basic fee	0.99%
Other management and administration charges	0.30%
Other charges	Dollar amount per investor
Administration fee	\$36 per annum

Investors may also be charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds). See the Product Disclosure Statement for the Select KiwiSaver Scheme for more information about those fees.

All fees are disclosed on a before-tax basis. GST will be added to fees and may be included in some expenses, where applicable.

Small differences in fees and charges can have a big impact on your investment over the long term.

Example of how this applies to an investor

Debbie had \$10,000 in the fund at the start of the year and did not make any further contributions. At the end of the year, Debbie incurred a loss after fund charges were deducted of -\$1,174 (that is -11.74% of her initial \$10,000). Debbie paid other charges of \$36. This gives Debbie a total loss after tax of -\$1,210 for the year.

What does the fund invest in?

Actual investment mix

This shows the types of assets that the fund invests in.

Target investment mix

This shows the mix of assets that the fund generally intends to invest in.

Asset Category	Target asset mix
Cash and cash equivalents	5.00%
New Zealand fixed interest	5.00%
International fixed interest	10.00%
Australasian equities	32.00%
International equities	48.00%
Listed property	-
Unlisted property	-
Commodities	-
Other	-

Top 10 investments

Name	% of fund's net asset value	Type	Country	Credit rating (if applicable)
Vanguard Ethically Conscious International Shares Index ETF - NZD Hedged	9.63%	International equities	Australia	
Wellington Global Stewards Fund	8.65%	International equities	Ireland	
ANZ NZD Current Account	8.22%	Cash and cash equivalents	New Zealand	AA-
Mercer Socially Responsible Overseas Shares Portfolio	7.27%	International equities	New Zealand	
iShares MSCI EM IMI ESG Screened UCITS ETF	3.09%	International equities	Ireland	
Treasury Bill 0.00% 2/03/2023	1.43%	International fixed interest	United States	AAA
Spark New Zealand Ltd	1.33%	Australasian equities	New Zealand	
Meridian Energy Ltd	1.32%	Australasian equities	New Zealand	
CSL Ltd	1.28%	Australasian equities	Australia	
Cash at Bank	1.28%	Cash and cash equivalents	New Zealand	

The top 10 investments make up 43.50% of the fund's net asset value.

Currency hedging

The fund's foreign currency exposure is not hedged, but the fund invests in other funds for which foreign currency exposure is hedged to the New Zealand dollar.

Key personnel

This shows the directors and employees who have the most influence on the investment decisions of the fund:

Name	Current position	Time in current position	Previous or other current position	Time in previous or other current position
Andrew Kelleher	Director - JMI Wealth Limited - Clarity Funds Management Limited and Select Weal	14 years and 8 months	Acting Managing Principal - ASB Securities Limited and Investment Consultant - A	3 years and 5 months
Simon Reichenbach	Senior Investment Executive - JMI Wealth Limited	3 years and 3 months	Senior Research Analyst - Staples Rodway Asset Management	4 years and 11 months
Stuart Kenneth Reginald Millar	Chief Investment Officer - Smartshares	3 years and 7 months	Head of Portfolio Management - ANZ Investments	6 years and 4 months

Further information

You can also obtain this information, the Product Disclosure Statement for the Select KiwiSaver Scheme, and some additional information, from the offer register at disclose-register.companiesoffice.govt.nz.

Notes

- Market index returns (as well as actual returns) have been used to complete the risk indicator, as the fund has not been in existence for 5 years. As a result, the risk indicator may provide a less reliable indicator of the potential future volatility of the fund. The risk indicator for the fund uses 2 years and 11 months of market index returns.

Balanced Fund

Fund update for the quarter ended 31 December 2022

This fund update was first made publicly available on 10 February 2023.

What is the purpose of this update?

This document tells you how the Balanced Fund has performed and what fees were charged. The document will help you to compare the fund with other funds. Smartshares Limited prepared this update in accordance with the Financial Markets Conduct Act 2013. This information is not audited and may be updated.

Description of this fund

Aims to provide a medium level of capital growth over the medium to long term (at least 5 years). The fund invests similar proportions in income and growth assets.

Total value of the fund: \$2,213,919
 Number of investors in the fund: 64
 The date the fund started: 24 November 2020

What are the risks of investing?

Risk indicator for the Balanced Fund¹

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at sorted.org.nz/tools/investor-kickstarter.

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for 5 years to 31 December 2022. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

See the Product Disclosure Statement for the Select KiwiSaver Scheme for more information about the risks associated with investing in this fund.

How has the fund performed?

	Past year
Annual return (after deductions for charges and tax)	-10.60%
Annual return (after deductions for charges but before tax)	-10.51%
Market index annual return (reflects no deduction for charges and tax)	-10.02%

The market index return is a composite of benchmark index returns, weighted for the fund's target investment mix (also known as target asset allocation). The specific benchmark indices used for each asset class are defined in the Statement of Investment Policy and Objectives (SIPO). The SIPO and further additional information about the market index is available on the offer register at disclose-register.companiesoffice.govt.nz.

Annual return graph

This shows the return after fund charges and tax for each year ending 31 March since the fund started. The last bar shows the average annual return since the fund started, up to 31 December 2022.

Important: This does not tell you how the fund will perform in the future.

Returns in this update are after tax at the highest prescribed investor rate (PIR) of tax for an individual New Zealand resident. Your tax may be lower.

What fees are investors charged?

Investors in the Balanced Fund are charged fund charges. In the year to 31 March 2022 these were:

	% per annum of fund's net asset value
Total fund charges	1.23%
Which are made up of:	
Total management and administration charges	1.23%
Including:	
Manager's basic fee	0.93%
Other management and administration charges	0.30%
Other charges	Dollar amount per investor
Administration fee	\$36 per annum

Investors may also be charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds). See the Product Disclosure Statement for the Select KiwiSaver Scheme for more information about those fees.

All fees are disclosed on a before-tax basis. GST will be added to fees and may be included in some expenses, where applicable.

Small differences in fees and charges can have a big impact on your investment over the long term.

Example of how this applies to an investor

Debbie had \$10,000 in the fund at the start of the year and did not make any further contributions. At the end of the year, Debbie incurred a loss after fund charges were deducted of -\$1,060 (that is -10.60% of her initial \$10,000). Debbie paid other charges of \$36. This gives Debbie a total loss after tax of -\$1,096 for the year.

Conservative Fund

Fund update for the quarter ended 31 December 2022

This fund update was first made publicly available on 10 February 2023.

What is the purpose of this update?

This document tells you how the Conservative Fund has performed and what fees were charged. The document will help you to compare the fund with other funds. Smartshares Limited prepared this update in accordance with the Financial Markets Conduct Act 2013. This information is not audited and may be updated.

Description of this fund

Aims to protect capital and provide a moderate return over the medium term (at least 3 years). The fund invests mostly in income assets, with a modest allocation to growth assets

Total value of the fund:	\$629,070
Number of investors in the fund:	18
The date the fund started:	24 November 2020

What are the risks of investing?

Risk indicator for the Conservative Fund¹

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at sorted.org.nz/tools/investor-kickstarter.

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for 5 years to 31 December 2022. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

See the Product Disclosure Statement for the Select KiwiSaver Scheme for more information about the risks associated with investing in this fund.

How has the fund performed?

	Past year
Annual return (after deductions for charges and tax)	-7.70%
Annual return (after deductions for charges but before tax)	-8.00%
Market index annual return (reflects no deduction for charges and tax)	-8.55%

The market index return is a composite of benchmark index returns, weighted for the fund's target investment mix (also known as target asset allocation). The specific benchmark indices used for each asset class are defined in the Statement of Investment Policy and Objectives (SIPO). The SIPO and further additional information about the market index is available on the offer register at disclose-register.companiesoffice.govt.nz.

Annual return graph

This shows the return after fund charges and tax for each year ending 31 March since the fund started. The last bar shows the average annual return since the fund started, up to 31 December 2022.

Important: This does not tell you how the fund will perform in the future.

Returns in this update are after tax at the highest prescribed investor rate (PIR) of tax for an individual New Zealand resident. Your tax may be lower.

What fees are investors charged?

Investors in the Conservative Fund are charged fund charges. In the year to 31 March 2022 these were:

	% per annum of fund's net asset value
Total fund charges	1.10%
Which are made up of:	
Total management and administration charges	1.10%
Including:	
Manager's basic fee	0.80%
Other management and administration charges	0.30%
Other charges	Dollar amount per investor
Administration fee	\$36 per annum

Investors may also be charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds). See the Product Disclosure Statement for the Select KiwiSaver Scheme for more information about those fees.

All fees are disclosed on a before-tax basis. GST will be added to fees and may be included in some expenses, where applicable.

Small differences in fees and charges can have a big impact on your investment over the long term.

Example of how this applies to an investor

Debbie had \$10,000 in the fund at the start of the year and did not make any further contributions. At the end of the year, Debbie incurred a loss after fund charges were deducted of -\$770 (that is -7.70% of her initial \$10,000). Debbie paid other charges of \$36. This gives Debbie a total loss after tax of -\$806 for the year.

Balanced Fund

Fund update for the quarter ended 30 September 2022

This fund update was first made publicly available on 31 October 2022.

What is the purpose of this update?

This document tells you how the Balanced Fund has performed and what fees were charged. The document will help you to compare the fund with other funds. Smartshares Limited prepared this update in accordance with the Financial Markets Conduct Act 2013. This information is not audited and may be updated.

Description of this fund

Aims to provide a medium level of capital growth over the medium to long term (at least 5 years). The fund invests similar proportions in income and growth assets.

Total value of the fund: \$1,748,395
 Number of investors in the fund: 58
 The date the fund started: 24 November 2020

What are the risks of investing?

Risk indicator for the Balanced Fund¹

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at sorted.org.nz/tools/investor-kickstarter.

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for 5 years to 30 September 2022. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

See the Product Disclosure Statement for the Select KiwiSaver Scheme for more information about the risks associated with investing in this fund.

How has the fund performed?

	Past year
Annual return (after deductions for charges and tax)	-9.06%
Annual return (after deductions for charges but before tax)	-9.16%
Market index annual return (reflects no deduction for charges and tax)	-10.53%

The market index annual return is based on the weighted average annual return of the market indices used to measure the performance of the assets that the fund invests in. Additional information about the market index is available in the 'Other Material Information' document on the offer register at disclose-register.companiesoffice.govt.nz.

Annual return graph

This shows the return after fund charges and tax for each year ending 31 March since the fund started. The last bar shows the average annual return since the fund started, up to 30 September 2022.

Important: This does not tell you how the fund will perform in the future.

Returns in this update are after tax at the highest prescribed investor rate (PIR) of tax for an individual New Zealand resident. Your tax may be lower.

What fees are investors charged?

Investors in the Balanced Fund are charged fund charges. In the year to 31 March 2022 these were:

	% per annum of fund's net asset value
Total fund charges	1.23%
Which are made up of:	
Total management and administration charges	1.23%
Including:	
Manager's basic fee	0.93%
Other management and administration charges	0.30%
Other charges	Dollar amount per investor
Administration fee	\$36 per annum

Investors may also be charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds). See the Product Disclosure Statement for the Select KiwiSaver Scheme for more information about those fees.

All fees are disclosed on a before-tax basis. GST will be added to fees and may be included in some expenses, where applicable.

Small differences in fees and charges can have a big impact on your investment over the long term.

Example of how this applies to an investor

Debbie had \$10,000 in the fund at the start of the year and did not make any further contributions. At the end of the year, Debbie incurred a loss after fund charges were deducted of -\$906 (that is -9.06% of her initial \$10,000). Debbie paid other charges of \$36. This gives Debbie a total loss after tax of -\$942 for the year.

What does the fund invest in?

Conservative Fund

Fund update for the quarter ended 30 September 2022

This fund update was first made publicly available on 31 October 2022.

What is the purpose of this update?

This document tells you how the Conservative Fund has performed and what fees were charged. The document will help you to compare the fund with other funds. Smartshares Limited prepared this update in accordance with the Financial Markets Conduct Act 2013. This information is not audited and may be updated.

Description of this fund

Aims to protect capital and provide a moderate return over the medium term (at least 3 years). The fund invests mostly in income assets, with a modest allocation to growth assets

Total value of the fund:	\$573,776
Number of investors in the fund:	18
The date the fund started:	24 November 2020

What are the risks of investing?

Risk indicator for the Conservative Fund¹

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at sorted.org.nz/tools/investor-kickstarter.

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for 5 years to 30 September 2022. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

See the Product Disclosure Statement for the Select KiwiSaver Scheme for more information about the risks associated with investing in this fund.

How has the fund performed?

	Past year
Annual return (after deductions for charges and tax)	-7.29%
Annual return (after deductions for charges but before tax)	-7.76%
Market index annual return (reflects no deduction for charges and tax)	-9.63%

The market index annual return is based on the weighted average annual return of the market indices used to measure the performance of the assets that the fund invests in. Additional information about the market index is available in the 'Other Material Information' document on the offer register at disclose-register.companiesoffice.govt.nz.

Annual return graph

This shows the return after fund charges and tax for each year ending 31 March since the fund started. The last bar shows the average annual return since the fund started, up to 30 September 2022.

Important: This does not tell you how the fund will perform in the future.

Returns in this update are after tax at the highest prescribed investor rate (PIR) of tax for an individual New Zealand resident. Your tax may be lower.

What fees are investors charged?

Investors in the Conservative Fund are charged fund charges. In the year to 31 March 2022 these were:

	% per annum of fund's net asset value
Total fund charges	1.10%
Which are made up of:	
Total management and administration charges	1.10%
Including:	
Manager's basic fee	0.80%
Other management and administration charges	0.30%
Other charges	Dollar amount per investor
Administration fee	\$36 per annum

Investors may also be charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds). See the Product Disclosure Statement for the Select KiwiSaver Scheme for more information about those fees.

All fees are disclosed on a before-tax basis. GST will be added to fees and may be included in some expenses, where applicable.

Small differences in fees and charges can have a big impact on your investment over the long term.

Example of how this applies to an investor

Debbie had \$10,000 in the fund at the start of the year and did not make any further contributions. At the end of the year, Debbie incurred a loss after fund charges were deducted of -\$729 (that is -7.29% of her initial \$10,000). Debbie paid other charges of \$36. This gives Debbie a total loss after tax of -\$765 for the year.

Conservative Fund

Fund update for the quarter ended 30 June 2022

This fund update was first made publicly available on 27 July 2022.

What is the purpose of this update?

This document tells you how the Conservative Fund has performed and what fees were charged. The document will help you to compare the fund with other funds. Smartshares Limited prepared this update in accordance with the Financial Markets Conduct Act 2013. This information is not audited and may be updated.

Description of this fund

Aims to protect capital and provide a moderate return over the medium term (at least 3 years). The fund invests mostly in income assets, with a modest allocation to growth assets

Total value of the fund:	\$529,142
Number of investors in the fund:	17
The date the fund started:	24 November 2020

What are the risks of investing?

Risk indicator for the Conservative Fund¹

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at sorted.org.nz/tools/investor-kickstarter.

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for 5 years to 30 June 2022. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

See the Product Disclosure Statement for the Select KiwiSaver Scheme for more information about the risks associated with investing in this fund.

How has the fund performed?

	Past year
Annual return (after deductions for charges and tax)	-6.49%
Annual return (after deductions for charges but before tax)	-6.87%
Market index annual return (reflects no deduction for charges and tax)	-8.39%

The market index annual return is based on the weighted average annual return of the market indices used to measure the performance of the assets that the fund invests in. Additional information about the market index is available in the 'Other Material Information' document on the offer register at disclose-register.companiesoffice.govt.nz.

Annual return graph

This shows the return after fund charges and tax for each year ending 31 March since the fund started. The last bar shows the average annual return since the fund started, up to 30 June 2022.

Important: This does not tell you how the fund will perform in the future.

Returns in this update are after tax at the highest prescribed investor rate (PIR) of tax for an individual New Zealand resident. Your tax may be lower.

What fees are investors charged?

Investors in the Conservative Fund are charged fund charges. In the year to 31 March 2022 these were:

	% per annum of fund's net asset value
Total fund charges	1.10%
Which are made up of:	
Total management and administration charges	1.10%
Including:	
Manager's basic fee	0.80%
Other management and administration charges	0.30%
Other charges	Dollar amount per investor
Administration fee	\$36 per annum

Investors may also be charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds). See the Product Disclosure Statement for the Select KiwiSaver Scheme for more information about those fees.

All fees are disclosed on a before-tax basis. GST will be added to fees and may be included in some expenses, where applicable.

Small differences in fees and charges can have a big impact on your investment over the long term.

Example of how this applies to an investor

Debbie had \$10,000 in the fund at the start of the year and did not make any further contributions. At the end of the year, Debbie incurred a loss after fund charges were deducted of -\$649 (that is -6.49% of her initial \$10,000). Debbie paid other charges of \$36. This gives Debbie a total loss after tax of -\$685 for the year.

The fund's foreign currency exposure is not hedged, but the fund invests in other funds for which foreign currency exposure is hedged to the New Zealand dollar.

Key personnel

This shows the directors and employees who have the most influence on the investment decisions of the fund:

Name	Current position	Time in current position	Previous or other current position	Time in previous or other current position
Andrew Kelleher	Director, JMI Wealth Limited, Clarity Funds Management Limited and Select Wealth	14 years and 2 months	Acting Managing Principal, ASB Securities Limited and Investment Consultant, ASB	3 years and 5 months
Simon Reichenbach	Senior Investment Executive, JMI Wealth Limited	2 years and 9 months	Senior Research Analyst, Staples Rodway Asset Management	4 years and 11 months
David Wilson	Senior Executive - JMI Wealth Limited	1 year and 3 months	Chief Operating Officer - Investments, New Zealand Funds Management	2 years
Stuart Kenneth Reginald Millar	Chief Investment Officer - Smartshares	3 years and 1 month	Head of Portfolio Management - ANZ Investments	6 years and 4 months

Further information

You can also obtain this information, the Product Disclosure Statement for the Select KiwiSaver Scheme, and some additional information, from the offer register at disclose-register.companiesoffice.govt.nz.

Notes

- Market index returns (as well as actual returns) have been used to complete the risk indicator, as the fund has not been in existence for 5 years. As a result, the risk indicator may provide a less reliable indicator of the potential future volatility of the fund. The risk indicator for the fund uses 3 years and 5 months of market index returns.

Growth Fund

Fund update for the quarter ended 31 March 2022

This fund update was first made publicly available on 3 May 2022.

What is the purpose of this update?

This document tells you how the Growth Fund has performed and what fees were charged. The document will help you to compare the fund with other funds. Smartshares Limited prepared this update in accordance with the Financial Markets Conduct Act 2013. This information is not audited and may be updated.

Description of this fund

Aims to provide a high level of capital growth over the medium to long term (at least 7 years). The fund invests mostly in growth assets, with a modest allocation to income assets.

Total value of the fund:	\$5,369,789
Number of investors in the fund:	101
The date the fund started:	24 November 2020

What are the risks of investing?

Risk indicator for the Growth Fund¹

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at sorted.org.nz/tools/investor-kickstarter.

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for 5 years to 31 March 2022. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

See the Product Disclosure Statement for the Select KiwiSaver Scheme for more information about the risks associated with investing in this fund.

How has the fund performed?

	Past year
Annual return (after deductions for charges and tax)	4.13%
Annual return (after deductions for charges but before tax)	4.93%
Market index annual return (reflects no deduction for charges and tax)	3.88%

The market index annual return is based on the weighted average annual return of the market indices used to measure the performance of the assets that the fund invests in. Additional information about the market index is available in the 'Other Material Information' document on the offer register at disclose-register.companiesoffice.govt.nz.

Annual return graph

This shows the return after fund charges and tax for each year ending 31 March since the fund started. The last bar shows the average annual return since the fund started, up to 31 March 2022.

Important: This does not tell you how the fund will perform in the future.

Returns in this update are after tax at the highest prescribed investor rate (PIR) of tax for an individual New Zealand resident. Your tax may be lower.

What fees are investors charged?

Investors in the Growth Fund are charged fund charges. In the year to 31 March 2022 these were:

	% per annum of fund's net asset value
Total fund charges	1.29%
Which are made up of:	
Total management and administration charges	1.29%
Including:	
Manager's basic fee	0.99%
Other management and administration charges	0.30%
Other charges	Dollar amount per investor
Administration fee	\$36 per annum

Investors may also be charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds). See the Product Disclosure Statement for the Select KiwiSaver Scheme for more information about those fees.

All fees are disclosed on a before-tax basis. GST will be added to fees and may be included in some expenses, where applicable.

Small differences in fees and charges can have a big impact on your investment over the long term.

Example of how this applies to an investor

Debbie had \$10,000 in the fund at the start of the year and did not make any further contributions. At the end of the year, Debbie received a return after fund charges were deducted of \$417 (that is 4.17% of her initial \$10,000). Debbie paid other charges of \$36. This gives Debbie a total return after tax of \$381 for the year.

What does the fund invest in?

Actual investment mix

This shows the types of assets that the fund invests in.

Target investment mix

This shows the mix of assets that the fund generally intends to invest in.

Asset Category	Target asset mix

Balanced Fund

Fund update for the quarter ended 31 March 2022

This fund update was first made publicly available on 3 May 2022.

What is the purpose of this update?

This document tells you how the Balanced Fund has performed and what fees were charged. The document will help you to compare the fund with other funds. Smartshares Limited prepared this update in accordance with the Financial Markets Conduct Act 2013. This information is not audited and may be updated.

Description of this fund

Aims to provide a medium level of capital growth over the medium to long term (at least 5 years). The fund invests similar proportions in income and growth assets.

Total value of the fund: \$1,590,496
 Number of investors in the fund: 49
 The date the fund started: 24 November 2020

What are the risks of investing?

Risk indicator for the Balanced Fund¹

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at sorted.org.nz/tools/investor-kickstarter.

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for 5 years to 31 March 2022. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

See the Product Disclosure Statement for the Select KiwiSaver Scheme for more information about the risks associated with investing in this fund.

How has the fund performed?

	Past year
Annual return (after deductions for charges and tax)	1.74%
Annual return (after deductions for charges but before tax)	2.14%
Market index annual return (reflects no deduction for charges and tax)	0.76%

The market index annual return is based on the weighted average annual return of the market indices used to measure the performance of the assets that the fund invests in. Additional information about the market index is available in the 'Other Material Information' document on the offer register at disclose-register.companiesoffice.govt.nz.

Annual return graph

This shows the return after fund charges and tax for each year ending 31 March since the fund started. The last bar shows the average annual return since the fund started, up to 31 March 2022.

Important: This does not tell you how the fund will perform in the future.

Returns in this update are after tax at the highest prescribed investor rate (PIR) of tax for an individual New Zealand resident. Your tax may be lower.

What fees are investors charged?

Investors in the Balanced Fund are charged fund charges. In the year to 31 March 2022 these were:

	% per annum of fund's net asset value
Total fund charges	1.23%
Which are made up of:	
Total management and administration charges	1.23%
Including:	
Manager's basic fee	0.93%
Other management and administration charges	0.30%
Other charges	Dollar amount per investor
Administration fee	\$36 per annum

Investors may also be charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds). See the Product Disclosure Statement for the Select KiwiSaver Scheme for more information about those fees.

All fees are disclosed on a before-tax basis. GST will be added to fees and may be included in some expenses, where applicable.

Small differences in fees and charges can have a big impact on your investment over the long term.

Example of how this applies to an investor

Debbie had \$10,000 in the fund at the start of the year and did not make any further contributions. At the end of the year, Debbie received a return after fund charges were deducted of \$172 (that is 1.72% of her initial \$10,000). Debbie paid other charges of \$36. This gives Debbie a total return after tax of \$136 for the year.

What does the fund invest in?

Conservative Fund

Fund update for the quarter ended 31 March 2022

This fund update was first made publicly available on 3 May 2022.

What is the purpose of this update?

This document tells you how the Conservative Fund has performed and what fees were charged. The document will help you to compare the fund with other funds. Smartshares Limited prepared this update in accordance with the Financial Markets Conduct Act 2013. This information is not audited and may be updated.

Description of this fund

Aims to protect capital and provide a moderate return over the medium term (at least 3 years). The fund invests mostly in income assets, with a modest allocation to growth assets

Total value of the fund:	\$537,119
Number of investors in the fund:	17
The date the fund started:	24 November 2020

What are the risks of investing?

Risk indicator for the Conservative Fund¹

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at sorted.org.nz/tools/investor-kickstarter.

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for 5 years to 31 March 2022. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

See the Product Disclosure Statement for the Select KiwiSaver Scheme for more information about the risks associated with investing in this fund.

How has the fund performed?

	Past year
Annual return (after deductions for charges and tax)	-1.12%
Annual return (after deductions for charges but before tax)	-1.20%
Market index annual return (reflects no deduction for charges and tax)	-2.60%

The market index annual return is based on the weighted average annual return of the market indices used to measure the performance of the assets that the fund invests in. Additional information about the market index is available in the 'Other Material Information' document on the offer register at disclose-register.companiesoffice.govt.nz.

Annual return graph

This shows the return after fund charges and tax for each year ending 31 March since the fund started. The last bar shows the average annual return since the fund started, up to 31 March 2022.

Important: This does not tell you how the fund will perform in the future.

Returns in this update are after tax at the highest prescribed investor rate (PIR) of tax for an individual New Zealand resident. Your tax may be lower.

What fees are investors charged?

Investors in the Conservative Fund are charged fund charges. In the year to 31 March 2022 these were:

	% per annum of fund's net asset value
Total fund charges	1.10%
Which are made up of:	
Total management and administration charges	1.10%
Including:	
Manager's basic fee	0.80%
Other management and administration charges	0.30%
Other charges	Dollar amount per investor
Administration fee	\$36 per annum

Investors may also be charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds). See the Product Disclosure Statement for the Select KiwiSaver Scheme for more information about those fees.

All fees are disclosed on a before-tax basis. GST will be added to fees and may be included in some expenses, where applicable.

Small differences in fees and charges can have a big impact on your investment over the long term.

Example of how this applies to an investor

Debbie had \$10,000 in the fund at the start of the year and did not make any further contributions. At the end of the year, Debbie incurred a loss after fund charges were deducted of -\$118 (that is -1.18% of her initial \$10,000). Debbie paid other charges of \$36. This gives Debbie a total loss after tax of -\$154 for the year.

What does the fund invest in?
